

Using Michigan Public Policy Survey (MPPS) Data in your Classroom

Sarah Mills, PhD

June 8, 2016

Presentation Outline

- What is the MPPS?
- What topics have we covered?
- Using MPPS data:
 - No statistics required
 - Simplified datasets
 - Advanced analysis

CLOSUP in the Classroom

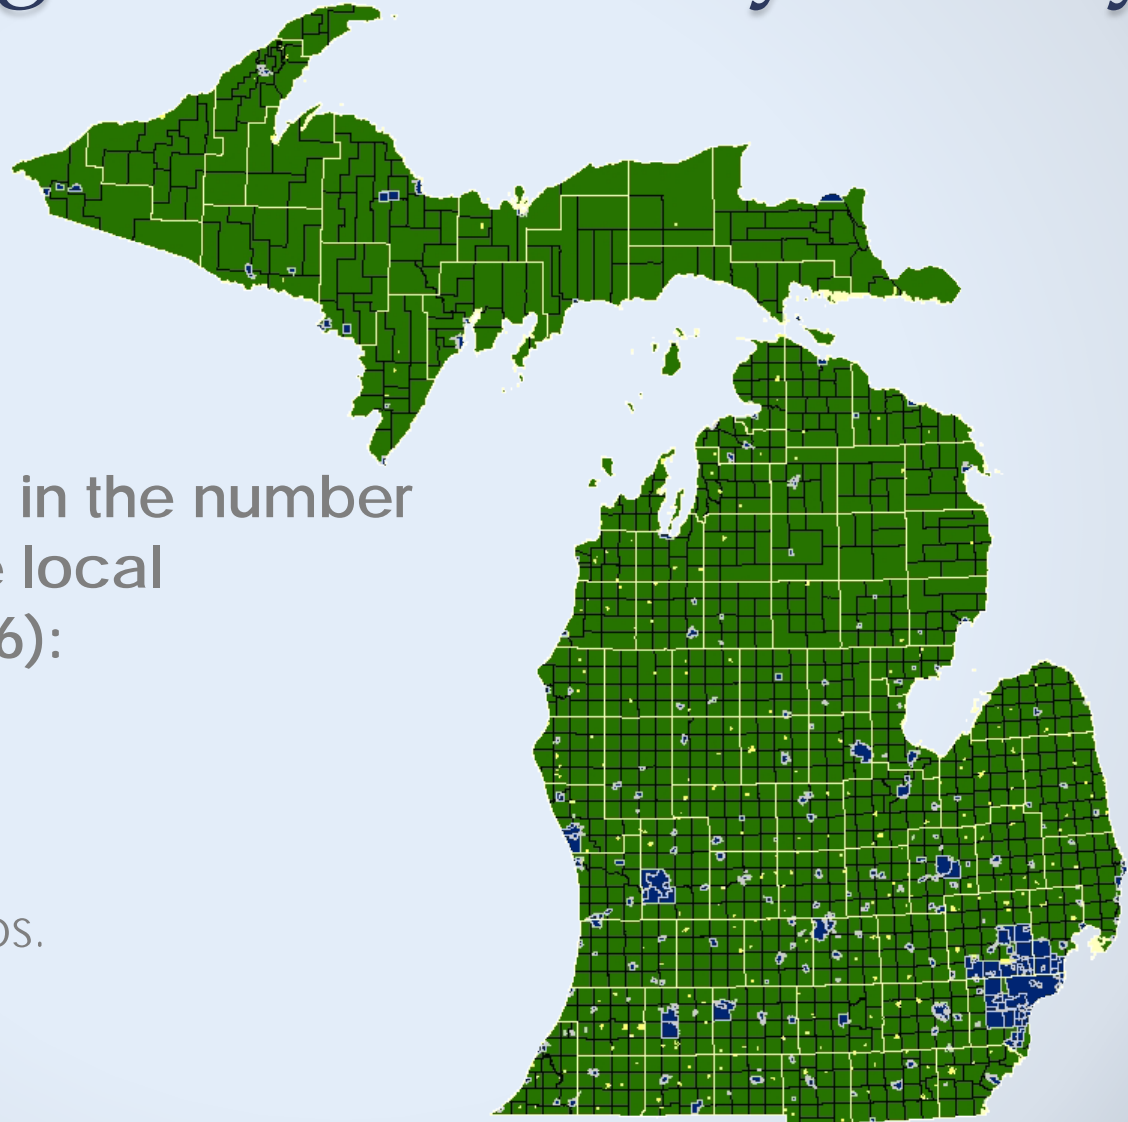

- **Mission:** facilitate student learning and engagement with critical local, state, and urban policy issues
- **Student policy analysts**
- **UM Provost Grant**
 - Develop resources for classroom use
 - Develop new UM courses

The Michigan Public Policy Survey (MPPS)

...

What is it?

The Michigan Public Policy Survey

Michigan ranks 7th in the number of general purpose local governments (1,856):

- 83 counties
- 256 villages
- 277 cities
- 1,240 townships.

The Michigan Public Policy Survey

- **Census survey** – all counties, cities, villages, and townships
- **Respondents** – chief elected and appointed officials
- **Administered** – online and via hardcopy
- **Timing** – Spring and Fall each year
- **Topics** – wide range, such as fiscal health, budget priorities, economic development, intergovernmental cooperation, employee policies, labor unions, state relations, roads, environmental sustainability, citizen engagement, much more.

MPPS is not a typical opinion poll

- 70+% response rates
- Expert advisors on questionnaire content
- Borrow from other proven sources such as NLC and ICMA
- **Transparency**
 - Questionnaires online
 - Pre-run data tables online
 - **Sharing of (anonymized) datasets with other researchers**

Michigan Public Policy Survey Question Database

The search engine below allows users to search the question text across all waves of the MPPS. Results of the keyword search provide direct links to the pre-run data tables for each question.

Keyword:

Limit search results to: 2009 2010 2011 2012 2013 2014 2015 2016

Questions in the table below are ordered by survey wave in which they were asked, as well as their position on the questionnaire. Some questions have been asked on multiple waves of the MPPS and therefore will have multiple entries in the results table.

Results of search for: budget for all years

Year	Wave	Question	Question Text	Data Tables
2015	Spring	Q7a	Thinking about your jurisdiction's last fiscal year, were general fund revenues higher or lower than what they were projected to be in its originally adopted general fund budget ?	see tables
2015	Spring	Q7b	Thinking about your jurisdiction's last fiscal year, were general fund expenditures higher or lower than what they were projected to be in its originally adopted general fund budget ?	see tables
2015	Spring	Q13a	Regardless of whether or not your jurisdiction expects to have a budget surplus this year, in your opinion, what would be the highest priority for using any potential surplus (if it had one) according to the following groups or individuals? Do you think that they would prefer to spend the budget surplus on public services or infrastructure, save that money for future use, use it to pay down any debt your jurisdiction may have, or reduce taxes? Majority of your jurisdiction's Board/Council would prefer to...	see tables
2015	Spring	Q13b	Regardless of whether or not your jurisdiction expects to have a budget surplus this year, in your opinion, what would be the highest priority for using any potential surplus (if it had one) according to the following groups or individuals? Do you think that they would prefer to spend the budget surplus on public services or infrastructure, save that money for future use, use it to pay down any debt your jurisdiction may have, or reduce taxes? Majority of your jurisdiction's citizens would prefer to...	see tables
2015	Spring	Q13c	Regardless of whether or not your jurisdiction expects to have a budget surplus this year, in your opinion, what would be the highest priority for using any potential surplus (if it had one) according to the following groups or individuals? Do you think that they would prefer to spend the budget surplus on public services or infrastructure, save that money for future use, use it to pay down any debt your jurisdiction may have, or reduce taxes? You personally in your role as a local official would prefer to...	see tables
2015	Spring	Q14a	Now, regardless of whether or not your jurisdiction expects to have a budget deficit this year, in your opinion, what would be the preferred method for eliminating any potential deficit (if it had one) according to the following groups or individuals? Do you think that they would prefer to cut costs/services, increase taxes, use any savings your jurisdiction may have, or increase debt (if legally allowable)? Majority of your jurisdiction's Board/Council would prefer to...	see tables

Folder Description

Summary: The Fall 2014 MPPS was the twelfth wave in the MPPS survey program. The focus was on private roads, Complete Streets, transit, the relationship between local jurisdictions and their counties, and ethics. The survey was conducted from October 6 to December 11, 2014 and received responses from 73% of jurisdictions. In order to protect respondent confidentiality, we have divided the data collected in the Fall 2014 Michigan Public Policy Survey into separate datasets focused on different topics that were covered in the survey. Each dataset contains only variables relevant to that subject, and the datasets cannot be linked together. A more complete dataset, containing all questions asked

Advanced analysis

...

Accessing the restricted datasets

Advanced analysis

- Restricted-use [datasets](#)
 - All responses for a wave (less jurisdiction, respondent identifiers)
 - IDs allow for longitudinal analysis by unit
 - Possibility to merge other data using FIPS
 - Must apply to ICPSR

Questions now (or later)
most welcome
